[Survey Finds Strong Employment and Education Outcomes for Recent University of New Haven](#)

The University of New Haven's latest Employment Outcomes Survey finds that nearly 95 percent of graduates are employed or in graduate school within six months of graduation.

MAY 28, 2020

By Renee Chmiel, Office of Marketing and Communications

The career outcomes rate for the University of New Haven's Class of 2019 is nearly 95 percent.

As a student at the University of New Haven, Vanessa Strohm '19 enjoyed the opportunity to study abroad.

While completing an internship at Mote Marine Lab and Aquarium in Sarasota Florida, she traveled to the Bahamas.

"Studying in the Bahamas was a truly eye-opening experience in which my classmates and I learned a great deal.

Now a post-graduate associate in the Khokha Lab at Yale University, Strohm is part of the next generation of marine biologists.

"The best way to learn new techniques and skills is to get out in the field, and that is exactly what we did.

Vanessa Strohm '19

Strohm is one of the many members of the University of New Haven's Class of 2019 who Vanessa Strohm's fieldwork brought her to the island of San Salvador in the Bahamas. Using online surveys, research, and phone calls, the Career Development Center's Emplo "The University of New Haven continues to see the outcome of our emphasis on experien The numbers were just as high for graduate students in the University's Class of 2019, fo Mair joined Raytheon Technologies' Human Resources Leadership Program last year. The Now in her second rotation of the program, Mair is working in Brooklyn as a human resou Tanisha Mair at a United Technologies interview booth at a Society of Women Engineers C "I received an applied degree that covered management across the private, public, and n The Career Development Center also found that nearly 30 percent of undergraduates in t "The best way to learn new techniques and skills is to get out in the field, and that is exa
