The information provided on the form remains confidential to the University Health Center

Required Vaccinations

Valid MMR injections (Measles, Mumps, Rubella) two injections are required or blood test

Varicella (chickenpox) two doses of vaccine or history of disease with date or titre (blood

Meningitis (mcv4 serogroup A, C, Y and w135) vaccination is required for all student who

Tuberculosis (TB) screening form: If you answer yes to any questions, a PPD or QuantiFER

Please submit all of these completed medical forms to us by US Mail or through MyChart.

More information and instructions about required forms can be found on our Forms page.

Recommended Checklist

In addition to the required physical exam, we recommend international students take care of the following:

Get a dental check up and get any needed work done

Have an eye exam, and if needed, get new lenses. Bring your prescription with you in case you need it.

Refill your prescriptions and if you need to refill it again in the U.S. bring the doctor's prescription.

A completed health history form is required for all international students.

International Student Health Insurance

The U.S. healthcare system can be complicated. There are no public health options for international students.

US Healthcare System Overview from International Student Insurance on Vimeo.

University of New Haven Student Health Insurance Plan

All full-time graduate and undergraduate international students are required to have University of New Haven Student Health Insurance.

J-1 Research Scholars must purchase insurance for themselves and their family members.

Healthcare Resources

For international students new to the U.S., here are some tips on how to find health care:

How To Find Healthcare
