MARCH 14, 2019

By Renee Chmiel, Office of Marketing and Communications

With 70 employers participating, this STEM fair was the largest yet.

Tremain Turner '20, a mechanical engineering major, is hoping to complete an internship

"It was a great way for me to practice branding myself to potential employers," said Turn

Turner was one of the more than 450 students who attended the event, representing one

More than 450 students attended the recent STEM career fair.

"Events like this give students the opportunity to see the industry and what's available,"

The STEM career fair has been growing each year, and this fair was the largest yet, with 700+ students. Students met with representatives from large corporations, including Electric Boat, Sikorsky, and Pratt & Whitney. "It was a terrific opportunity to speak with representatives of companies that I am interested in," said Tremain Turner '20.

Tremain Turner '20

Luke Sisson of Honeywell, another business represented at the career fair, says the competition was fierce. "The students know how to take initiative, and they are always very prepared," Sisson commented.
